General Counsel Cohen noted that the Authority had gone into executive session to discuss contract issues and legal issues raised by Mr. Kessler during the public session, on behalf of Waste Management. Also discussed were generic questions of law related to what is a waviabler and non-waviable defect in a bid.

Commissioner People noted that the Authority had received six bids for the disposal of solid waste types 13, 13C, 23 and 27. He noted that Delaware and Hudson Railway was the lowest bidder and that legal, financial and engineering advisors had reviewed the objections previously noted and found that the low bidder met all the requirements. He then moved the following resolution: Awarding a contract to the Delaware and Hudson Railway Company, Inc. D/B/A Canadian Pacific Railway for the provision of disposal services for solid waste types 13, 13C, 23 and 27 generated in Union County and (2) authorizing the execution of a contract with Delaware and Hudson Railway Company, Inc., D/B/A Canadian Pacific Railway for such services. The motion was seconded by Commissioner Wolf and approved unanimously by a roll call vote.

Commissioner People then moved the resolution recommending an amendment to the Union County District Solid Waste Management plan to include the Delaware and Hudson Railway Company, Inc. D/B/A Canadian Pacific Railway Transfer Station into the Union County District Solid Waste Management Plan as the County's designated facilities to which all non-recycled solid waste types 13, 13C, 23 and 27 are directed for disposal.
